I. INTRODUCTION

In the current cosmological and Astronomical theories **MARS, SUN, EARTH, MOON** are considered as Planets/satellite and integral part of solar system. Further **Earth planet** is considered as composed of **six major** interconnected “**Tectonic plates**” and many world nations are considered formed from “**Single Super continent**” due to impact of “**Continental drift**” of tectonic plates during the course of so called “**expanding universe**”.

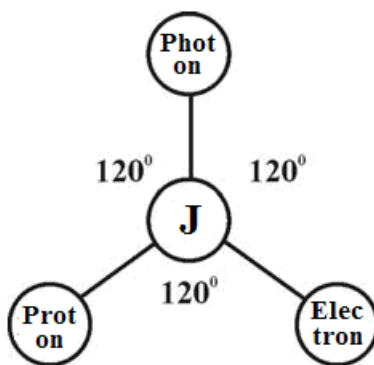

In this article it is focused that the whole material universe shall be considered exist as a “**NATURAL PRISM**” and the “Tri-Tronic Plates” shall be considered act like “**shield boundary**” due to impact of diffraction of “**J-RADIATION**” into **Photon, Electron, Proton** particles through “Base Plate”. The Base plate shall also called as “**PRISM EYE**” (or) “**PARTICLE SPLITTER**”.

(i)

(NATURAL PRISM)

(ii)

(PRISM EYE)

The MARS zone shall be considered as the region where the velocity of “J-Radiation” considered as highest and almost “Infinity”. The velocity shall be gradually considered reduced in the lower zone of material universe and the velocity at the surface of **Base plate zone** shall be below the value of infinity in the early universe.

“All the planets, matters, life shall be considered as existing in the material universe at different energy level in equilibrium state within the “shield boundary” of “Tri-Tronic plates” due to impact of photon, electron, proton particles with varied intensity of field distributed along tri-tronic plates”.

III. HYPOTHESIS

a) Philosophy of dark hole?...

It is hypothesized that “Dark hole” zone shall be considered as the integral part of “Cosmo Universe” and the source of fundamental Anti-Neutrons, Neutrinos under the influence of highest **upward gravitational force** and infinity level of “**Minus Temperature**”.

b) Philosophy of White hole?...

It is hypothesized that “**White hole**” zone shall be considered as the “**ORIGIN**” point of “**J-RADIATION**” which composed of three-in-one fundamental particles photon, Electron, Proton having “**Zero mass**” and having definite charge, optic, Electric, magnetic properties. The J-Radiation shall also be called as **virgin light** or **Holy Spirit** in astronomical language.

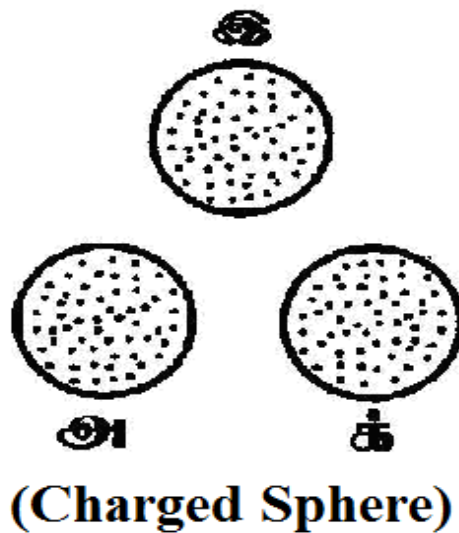

(MODEL COSMO UNIVERSE)

“The white hole zone shall be considered as the zone where absolutely zero level of sound, electric, heat energy exists”.

... Author

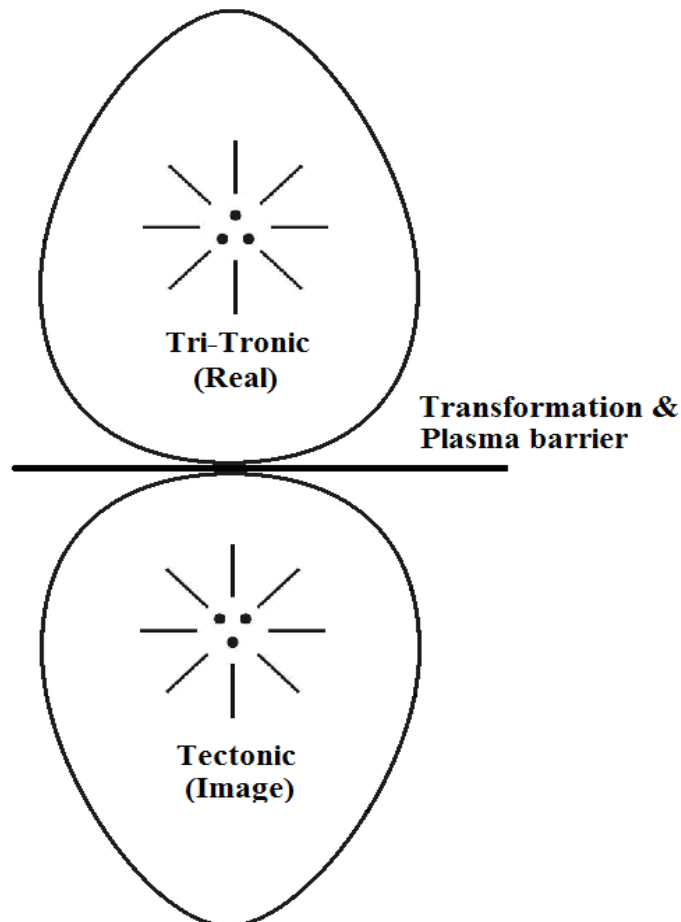

c) Philosophy of Base Plate?...

It is hypothesized that “**Base plate Zone**” shall be considered as the Energy Splitter which diffracts J-Radiation into “**fundamental particles**”. “**MARS**” shall be considered as existing within the “**J- RADIATION ZONE**”. It is further stated that the base plate zone shall be considered as exists in the upper region (MARS region) of tri-tronic plate and subsequently shifted down during expanding Universe when SUN, EARTH, MOON become cloud of **charged spheres** and illuminated.

d) Philosophy of Tri-Tronics and Tectonics?...

It is hypothesized that Tri-Tronic and Tectonic shall be considered as different region in the material Universe having directly opposite in characteristics. Further the tri-tronic zone shall be considered as the **REAL** and tectonic shall be considered as **IMAGE**. Further earth planet shall be considered as having only three fundamental zone rather than six zone.

Further the Philosophy of tri-tronic and tectonic shall be distinguished within the following scope.

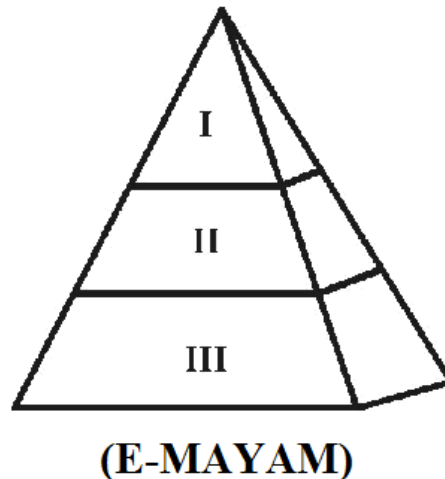

- i) Tri-tronic shall mean endos, upper Universe, white matter, Venus, upward force, logic.
- ii) Tectonic shall mean Indos, lower universe, earth matters, species, languages.

“Tri-tronic shall also mean natural circle; Tectonics shall mean crop circle”.

e) **Philosophy of White matter and Earth Matter?...**

It is hypothesized that white matter shall be considered as the natural product or **created product**. Earth matter shall be considered as species product or **evolved product**. The natural products and evolved products shall be distinguished as below: E-Mayam (MARS Pyramid) shall be considered as natural product and Egyptian pyramid shall be considered as evolved product.

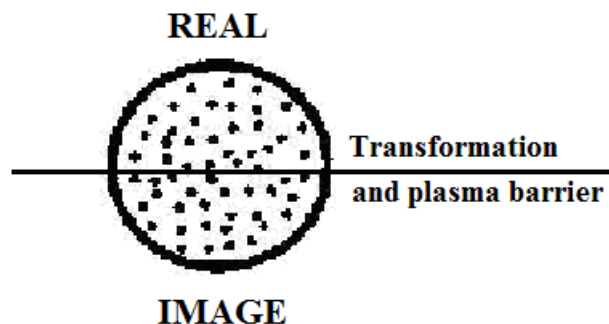

“The Philosophy of Egyptian pyramid might be derived from the Philosophy of E-Mayam”.

f) **Philosophy of Lightning?...**

It is hypothesized that “Lightning” shall be considered as undergoing transformation and plasma form of J-Radiation having genetically devolved characteristics and properties of J-Radiation. The philosophy of J-Radiation and lightning shall be distinguished as below. Further the growth of genetically varied matter in the Universe shall be considered as formed due to consistence reduction in **PLASMA ZONE WIDTH**.

It is further hypothesized that the “MARS” shall be considered as the “Energy Transformation Centre” which transforms “J-Radiation” into “Lightning” (image).

“The Base plate shall be considered as the “PRISM EYE” which transform lightning into particles of lightning. The lightning particles shall also be called as “Fundamental Image Particles”

g) **Philosophy of White Lightning?...**

It is hypothesized that Lightning shall be considered as the source of “J-Radiation” rather than “SUN”. In the early universe the colour of Lightning shall be considered as “**absolutely white**”. During the course of expanding universe colourful lightning might be originated. The 3rd generation lightning shall be considered as having millions of varied colours called as “Species” to “**White lightning**”.

“White lightning shall be apparently called as “White Rainbow”, 3rd generation Rainbow shall be considered containing millions of varied colours rather than seven colours called as “Species” to white Rainbow”.

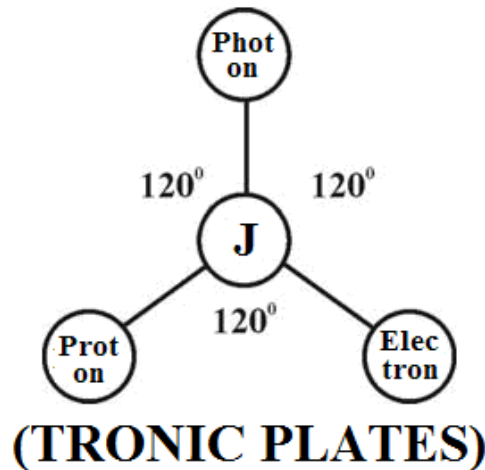

... Author

h) Philosophy of Tri-Tronic Plates?...

It is hypothesized that “**Tronic Plates**” shall be considered like “**Electromagnetic shield boundary**” of the material universe just like “**Walls**” of conventional house with different painting.

The tri-tronic plates shall be considered as “**Charged wall**” as described below:

- i) Photon Tronic plate – **Photon charged**

i) Philosophy of property of Tri Tronic Plates?...

It is hypothesized that each tronic plate has its own property which shall be considered as responsible for **sound, light, heat** property of material universe.

- i) Photon Tronic plate – Responsible for source of “**Sound**”
- ii) Electron Tronic plate – Responsible for source of “**Light**”
- iii) Proton Tronic plate – Responsible for source of “**Heat**”

It is speculated that in the early universe the “**MARS ZONE**” shall be considered as free from sound, light, heat due to absolute symmetry of Tri-tronic plate alignment. In other words the “**White lightning zone**” shall also be considered as free from sound, light, heat property.

During the course of time in the **expanding universe**, the property of sound, light, heat considered evolved due to gradual “**mis-alignment**” in the Tri-Tronic plates based on photon, electron, proton dominant **environment** in the various regions of material universe in different geological period as stipulated below:

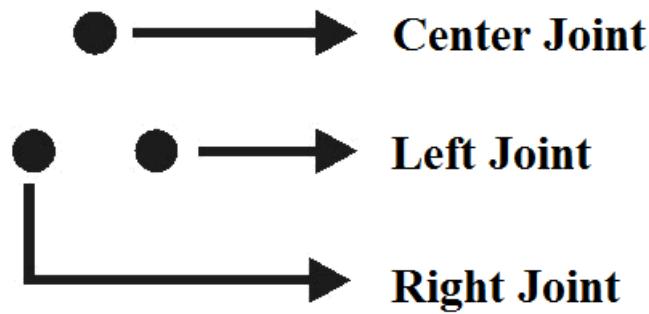

- i) 1st generation (Photon domination) – Existence of only “**Sound**” property
- ii) 2nd generation (Electron domination) – Existence of only “**Light**” and sound property
- iii) 3rd generation (Proton domination) – Existence of all Heat, light, sound property.

“Different types of lightning shall be considered as having different property of sound, light, heat in different regions of material universe”.

It is hypothesized that the existence of Sun, Earth, Moon shall be considered as “**Cloud of charges**” existing as “**SPHERE FORM**” and having Hinge of “**Three Expansion joints**” connected to one another as shown below at the **pole end** of line of its axis of rotation.

(EXPANSION JOINT)

Sl.No.	Details of sphere	Right dot joint	Left dot joint	Centre dot joint
1)	Sun	Moon	Earth	Mars
2)	Earth	Sun	Moon	Mars
3)	Moon	Earth	Sun	Mars

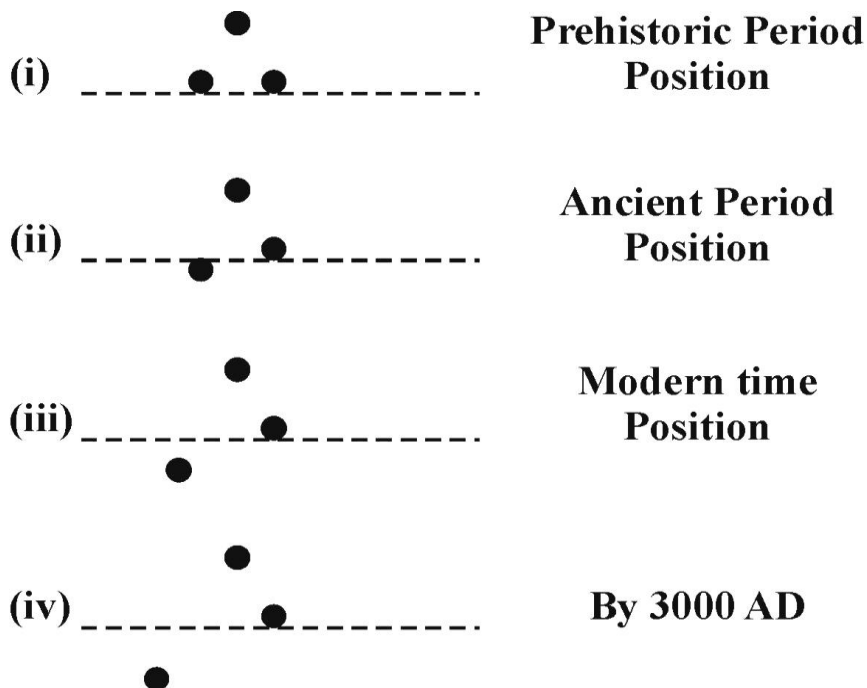

It is further focused that in the material universe the sphere of Sun, Earth, Moon shall be considered as not revolving any planet in the solar system but simply rotating on its axis only. Further it is hypothesized that Sun, Earth, Moon considered having both **Inner core and outer core** and rotate in different angular speed just like small and big needle movement in the clock.

“The sun, earth, moon shall be considered as suspending balance from the “J” hook point of “MARS”

k) Philosophy of Climate change problem?...

It is hypothesized that in the early universe there is no serious problem of climate change due to **“absolute symmetry”** in “Tri-tronic plates”. During the course of time the symmetry among the Tri-tronic plates become gradually lost which led to gradual climate change problem and growth of severe temperature rise in 3rd generation of geological age.

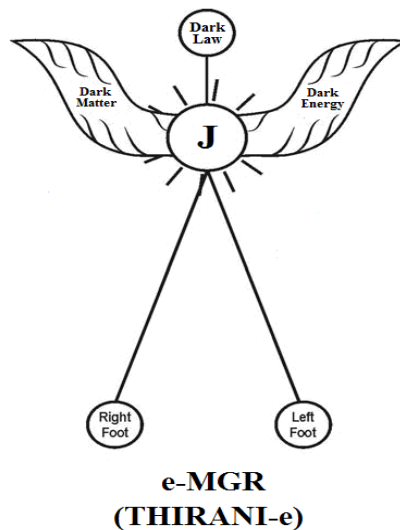

It is hypothesized that the prehistoric human lived in **MARS PLANET** shall be considered as expert in Astro-physics, Astronomy might have effectively managed the symmetry of Tri-Tronic Plates and overcome the climate change problem During the course of time the human population have descended to “**EARTH PLANET**” and the Prehistoric super scientific logics might have been to rally lost. It is speculated that the “Egyptian Pyramids” might have been constructed by MARS Populations with super Technology for the purpose of Trio-Tronic plates positional Management. The pyramids shall be considered like huge Antennas for transferring energy for positional control of Tri-Tronic Plates.

1) Etymology of Tri-Tronics?...

It is hypothesized that be philosophy of word Tri-Tronics refers to photo electric sensor and control for solving problem in industrial packing, printing, labeling applications might be derived from the prehistoric Tamil phonetics “**Thri**”, “**Thirani**”, “**Tharani**”.

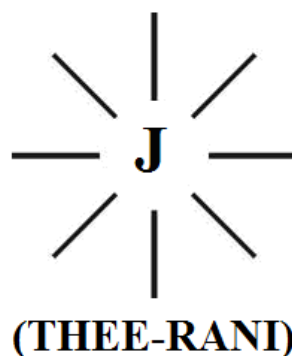

- (i) “**Thri**” shall mean “**Radiation**”
- (ii) “**Thirani**” shall mean “**Strength**”
- (iii) “**Tharani**” shall mean “**world**”
- (iv) “**Tri-Tronics**” shall mean **Radiation Strength**

Further it is focused that the prehistoric population lived in MARS PLANET shall be called as “**Thirani-e**” (or) “**e-MGR**”. “e” stands for “ezhem”. The Acronym “**MGR**” stand for “**MARS GEO RULER**”

Further the philosophy of “**Thirani-e**” shall be defined within the following scope.

- (i) Thirani-e shall mean Human of Three-in-one inbuist parameter soul, mind, Body.
- (ii) Thirani-e shall mean godly person
- (iii) Thirani-e shall mean having excellent capabilities and to search for hidden Truths and wisdom and highly logical.
- (iv) Thirani-e shall mean “**Revolutionist**” and great leader
- (v) Thirani-e shall also mean “**J**” (Thee-Rani)

m) Philosophy of Pyramid?...

Case study shows that currently so many theories exist about the philosophy of existence of Egyptian great pyramids be lived to have been constructed by pharaohs for burial of mummies. The pyramid is also considered as “**symbol of sun rays**”.

It is hypothesized that the pyramids shall be considered as huge antennas constructed by mars population (e-MGR) for the purpose “Tri-Tronic Plate” Positional control Management.

It is further focused that the philosophy of “Pyramid” might be derived from the philosophy of “**Thirani-e**”, “**Thri-Maani**”

IV. CASE STUDIES

m) Case study on plate Tectonics

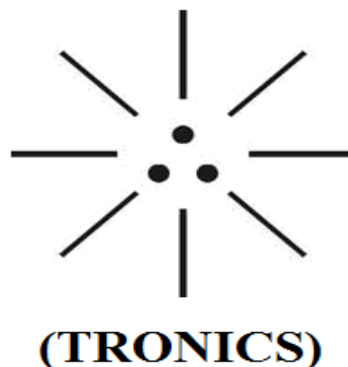

“**Tectonic**” refers to some thing connected with the structure of the Earths Surface Plate Tectonics is a theory refers to scientific study that describes large scale motion of Earths lithosphere. The model builds on the concept of continents drift developed during first few decades of 20th century. Tectonic deformation and earth quakes consider mostly occur at the boundaries between the plates. Scientists suggest similar Tectonic plates are present in moon, sun, and other planets also.

It is hypothesized that the outer core of moon shall be considered as having only three segments called as SUN Tronic Plate, Earth Tronic Plate, Moon Tronic Plate and form integral part of “**Tritronic Universe**”.

n) Case study on word “TRONICS”

Case study shows that the word **Tronic** refers to “**S.Tronic**” (or) Triptonic concerned with advancement in Auto gear change Technology in sport cars application.

It is focused that the philosophy of Auto gear change technology might be derived from the philosophy of prehistoric Tritronic Plate concerned with Auto positional control of Tritronic Plates. “**TRONICS**” shall mean “**Tri-Field**” formed due to spirit of “J-Radiation” into particles by Base plate (**Prism eye**)

- (i) Photon means Neutral (**Optic**)
- (ii) Electron means -Ve (**Electric**)
- (iii) Proton means +Ve (**magnetic**)

o) Case study on world Titanic, Titan

Case study shows that the word Titan comes from Latin origin meaning “**Strength**”. In Greek mythology Titan comes from Titans which is the **first god in geek mythology**.

Similarly the word “**Titanic**” refers to anything of vast size and strength. It also refers to luxury British liner that sunk near new found land on its maiden voyage after struck an iceberg. This happened on night of April 14 -15, 1912 where 1513 lives were lost.

It is focused that the “Tritronic Plate Universe” shall be considered like a huge “SPACE SHIP”. The philosophy of Titanic might be derived from the philosophy of “Tritronic”.

p) Case study on “Quasar”

Case study shows that Quasar (or) Quasi-stellar radio sources are the most energetic and distant members of a class of objects called Active galactic nuclei (AGN). Quasars are extremely luminous and were first identified as being high ‘redshift’ sources of Electromagnetic energy including radio waves and visible light that appeared to be similar to stars rather than extended sources similar to galaxies. Quasars are considered powered by a “black hole” with a mass two billions times that of SUN. It is hypothesized that Quasar shall be considered as “Plasma form” of lightning derived from “J-Radiation” and considered as a “species” to “White lightning”.

q) Case study on Prism & Binocular

A prism refers to a transparent body of the form often of glass and usually Triangular ends used for separating while light passed through it into a “spectrum”. It is focused that various binocular technologies like porro prism, roof prism etc. might be derived from the philosophy of “Tritornic plates”.

r) Case study on expansion joints:

Expansion joint is an assembly designed to safely absorb the heat induced expansion and contraction of construction materials to absorb vibration and to hold parts together (or) to allow movement due to earthquake. Joints are the hinges that connect two (or) more boxes together. It is hypothesized that the philosophy of various concept of expansion joints like Fabric, Toroidal, Universal, in line, copper etc. might be derived from the philosophy of “Tritronic”.

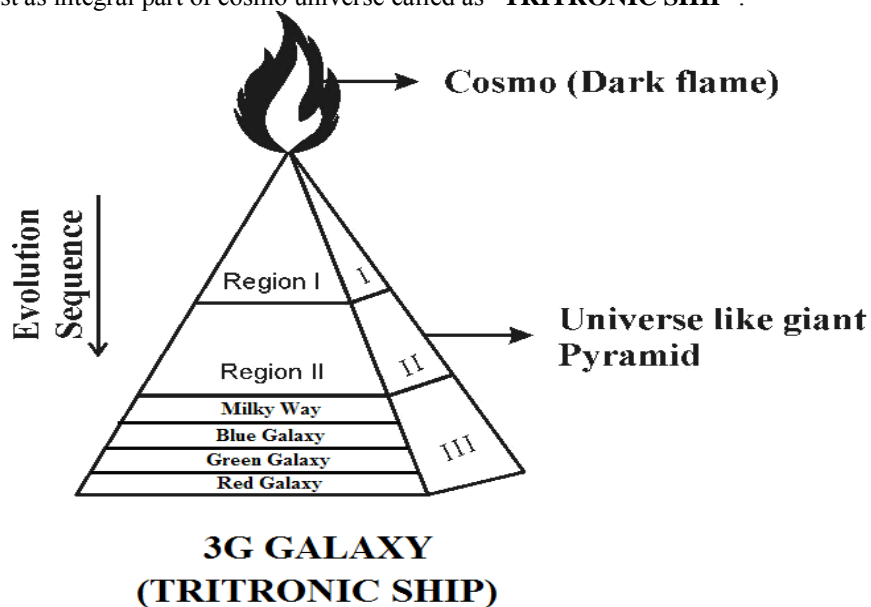

s) Case study on α , β , γ radiation:

There are so many theories colour currently on α , β , γ radiation based on Nuclear fission, nuclear fusion. It is hypothesized that α , β , γ shall be considered as distinguished family of radiation growth under various regions of material universe due to “misalignment” in the tritronic plates in three generations of geological age. Similarly the growth of electromagnetic spectrum under three band UV, RF, IR shall be considered as pertain to distinguished family of radiation say
 “J-Radiation zone shall be considered as zone of absolutely “White spectrum” and don’t contain UV, RF, IR wave property”

... Author

V. CONCLUSION

The whole cosmo universe shall be considered like a “SPACE SHIP”. The material universe shall be considered exist as integral part of cosmo universe called as “TRITRONIC SHIP”.

“e-MGR” (Thirani-e) shall be considered as the captain of “Tritronic ship”.
